

ISO 50001: 2018

ENERGY MANAGEMENT SYSTEMS AWARENESS

Course aim and objectives: ISO 50001:2018 energy management system international standard promotes shipping company energy efficiency standards above and beyond minimum compliance. Integration and implementation of the provisions of the standard through the company's marine management system procedures complements the company's energy efficiency processes. This course provides participants with the knowledge and methodology for continual improvement by implementing an energy management system.

Course main elements:

- ISO 50001:2018 scope, terms and structure
- Energy management system requirements
- Compatibility with ISO 14001:2015
- Integration in marine management systems and certification process
- Practical exercises and final examination

Course participation: The course is open to shipping company operations, technical, safety, quality and environmental managers, superintendents and shipboard designated team of officers

Course duration: **1 day** This training program is currently provided in 6-hours with real time instruction through zoom platform in a pre-scheduled interactive learning session

Course Schedule: 10:00 – 17:00 hours daily (including 30 minutes additional time daily for Q & A and completion of classwork)

Registration: Please complete the course registration form or contact Mrs. Angie Panagiotarakou email: invoicing@dynamarine.com Tel: (+30) 210 894 1667

Fees: Euros 350 per day per participant. Discount of 10% is offered to individual participants registering to this course. Group discounts of 15% are also arranged for companies registering 3+ participants. Upon registration a link shall be provided to participants for accessing the course

Instructor: Capt. Titos Giannakakis – Senior Maritime Trainer & Marine Consultant – DYNAMARINE Academy
