

BUSINESS ETHICS FOR MARITIME PROFESSIONALS

Course aim and objectives: Shipping companies engaged in international maritime activities and ship-management should comply with basic principles in the form of a code of conduct leading to corporate social accountability, business policies and practices and decision making for protecting the company against potentially undesired consequences

Course main elements:

- Principles and characteristics of business ethics
- Requirements for setting an ethical business environment
- Advantages of implementing an ethical business framework
- Corporate management values leading a code of conduct
- Promoting a safe and productive work environment
- Reviewing maritime related issues
- Practical workshops and exercises

Course participation: The course is open to shipping company managers, fleet superintendents, senior office, and shipboard team members with responsibilities for organizing and setting a safe and sound ethical business environment

Course duration: 1 day This training is provided with real time instruction through zoom platform in a pre-scheduled interactive learning session

Course Schedule: 10:00 - 17:00 hours
