

PORT STATE CONTROL INSPECTIONS AND TARGETTING PROCESS

Course aim and objectives: This course provides participants with the required knowledge for understanding the Port State Control inspection criteria and MOU regimes to ensure ships are in compliance with the IMO's international regulatory requirements and are well prepared for PSC inspection. The course provides guidance for managing and properly preparing vessels for Port State Control inspections and outlines proactive strategies to safeguard safe vessel operations and the ongoing commercial trading of ships

Course main elements:

- Background and introduction to Port State Control regime
- Scope of PSC inspections and MOUs
- Targeting of ships for inspection
- Preparation and management of the PSC inspection
- Findings leading to grounds for detention
- Proactive ship-management reducing the risk for detention
- Class related detention items and corrective actions
- PSC detention consequences and ship-manager appeal process
- Practical exercises and final examination

Course participation: The course is open to shipping company managers and superintendents, masters and shipboard officers

Course duration: 1 day This training program is provided in 6-hours with real time instruction through zoom platform in a pre-scheduled interactive learning session

Course Schedule: 10:00 – 17:00 hours daily (including 30 minutes additional time daily for Q & A and completion of classwork)
