

ISM CODE EXPERIENCED AUDITOR

Course aim and objectives: This course provides the required knowledge and skills, to those who already have prior auditor's experience and good understanding of the ISM Code requirements, for becoming experienced ISM auditors. Extensive reference is made throughout the course to audit criteria, applicable standards, case studies, the stages for performing and completing an audit as well as the decision-making process and the approach to the ISM Code audit by experienced auditor.

Course main elements:

- ISM Code requirements for implementation of a Safety Management System
- Safety Management Systems risk control dynamics for continual improvement
- Planning of the audit program
- Stages of the audit process
- Experienced auditor skills
- Audit investigation and communication techniques
- Determining and handling of a non-conformity
- Effective audit report writing
- Practical exercises, case studies and final examination

Course participation: The course is open to those who already hold certification as internal auditors by an accredited organization and have completed at least three SMS internal audits actively working in the maritime industry

Course duration: 3 days This training program is provided in 18-hours with real time instruction through zoom platform in three 6-hour pre-scheduled interactive learning sessions
