

COMPANY SECURITY OFFICER (CSO)

Course aim and objectives: The course provides participants with the required knowledge to effectively implement the duties and responsibilities of the Company's Security Officer who should have the experience and skills to monitor implementation of the Ship's Security Plan and manage security risks related to crew and ship security operational matters in accordance with the guidelines provided in IMO Model Course 3.20. The company security officer is also responsible for ensuring compliance of the fleet with the ship's security plan and proactively organize effective ship security emergency response plans and training and drills with focused attention to ships trading in high security risk areas confronted by security threats

Course main elements:

- Overview of the ISPS Code requirements and updates
- Development of the Ship Security Assessment and Ship Security Plan
- Duties and responsibilities of the CSO
- Record keeping, review, reporting and responding to security threats
- Security training and drills for crew members with designated duties
- Practical exercises, case studies and final examination

Course participation: The course is open to shipping managers and superintendents, masters and shipboard members who will be or have been assigned with the duties of the CSO. The course also provides an excellent refresher for personnel who have already been assigned with the duties of CSO

Course duration: 2 days This training program is provided in 12-hours with real time instruction through zoom platform in two 6-hour pre-scheduled interactive learning sessions

Course Schedule: 10:00 – 17:00 hours daily (including 30 minutes additional time daily for Q & A and completion of classwork)
