

SHIP SECURITY OFFICER (SSO) REFRESHER

Course aim and objectives: The course provides participants with the knowledge to effectively implement the duties and responsibilities of the ship's security officer who should have the skills to supervise and respond to security threats related to ship security operational matters. A ship's security officer is responsible for ensuring compliance with the ship's security plan, training and drills for the ship's crew with designated security duties as well as review, report and respond according to the plan to operational security threats. The course is based on IMO Model Course 3.19 and provides an excellent refresher for those already serving as ship security officers

Course main elements:

- Overview of ISPS Code requirements and updates
- Duties and responsibilities of ship security officer
- Review and implementation of ship security plan
- Record keeping, reviewing, responding and reporting risks and threats
- Security training and drills for shipboard personnel with designated duties
- Preparation for ship's trading in high risk security areas
- Practical exercises and workshops

Course participation:

The course is open to ship security officers, security superintendents, masters and shipboard team with designated security duties
