

## DRY SHIP VETTING INSPECTION & PREPARATION PROCESS

**Course aim and objectives:** This course provides participants with knowledge for understanding the criteria for bulk carrier vetting inspections and process combined with DRY-BMS assessments for bulker ship operators. The course explains the strategies for managing the preparation of crew and vessel to pass a successful on-board inspection based on the criteria introduced by the revised RightShip (Inspection Ship Questionnaire - RISQ) to avoid high risk observations which can eventually have negative impact on the vessel's commercial prospects

**Course main elements:**

- Introduction to RightShip's - RISQ
- Scope of the inspection
- Objectives, preparation, and management of the inspection
- RISQ sections with detailed analysis
- Inspection report and handling of observations
- Corrective action implementation
- Benefits of successful completion of the inspection
- Practical exercises

**Course participation:** The course is open to shipping company operations, technical, commercial, DPAs, quality, safety and crew managers, superintendents, internal audit team, masters and shipboard officers involved in the on-board vetting inspection process

**Course duration: 2 days** This training is provided with real time instruction through zoom platform in two pre-scheduled interactive learning sessions

**Course Schedule:** 10:00 - 17:00 hours daily

**Registration:** Please complete the course registration form or contact Mrs. Angie Panagiotarakou email: [training@dynamarine.com](mailto:training@dynamarine.com) Tel: (+30) 210 894 1667

**Fees:** Euros 350 per day per participant. Discount of 10% is offered to individual participants registering to this course. Group discounts of 15% are also arranged for companies registering 3+ participants

**Instructor:** Capt. Titos Giannakakis - Senior Maritime Trainer & Marine Consultant - DYNAMARINE Academy
