

SIGTTO LNG, LPG COMPETENCY STANDARDS FOR SEAFARERS

Course aim and objectives:

This course provides the required knowledge to the participant for understanding the provisions of SIGTTO (Society of Gas Tanker & Terminal Operators) for the specific training and competency of officers required for serving on board LNG and LPG carriers in addition to standard STCW training and competency requirements. Furthermore, participants will be able to comprehend the SIGTTO LNG/LPG Experience Matrix and identify training needs as a paramount safety control by SIGTTO for the officers serving on LNG/LPG carriers.

Course main elements:

- Introduction to SIGTTO LNG/LPG training and competency guidelines
- SIGTTO Experience Matrix for officers serving on LNG/LPG carriers
- Requirements of charterers and LNG/LPG terminals
- Review of relevant STCW mandatory training and competency standards
- Identification of training needs and assessment of risk related issues
- Practical exercises and final examination

Course participation:

The course is open to shipping company HR and Crew managers, Crew superintendents, Training managers and Training officers, Marine assurance managers and superintendents, internal auditors and office employees with responsibilities in assessing and verifying the required competency standards for officers serving on LNG/LPG carriers.

Course duration: 1 day

This training program is currently provided in 6-hours with real time instruction through a dedicated e-platform in 2 three-hour pre-scheduled interactive web-based learning sessions.
