## SHIP SECURITY OFFICER REFRESHER

### Course aim and objectives:

The course provides participants with refresher knowledge to effectively implement the duties and responsibilities of the ship's security officer who should have the skills to supervise and respond to security issues related to the crew and ship security operational matters. A ship's security officer is responsible for ensuring compliance with the ship's security plan as well as review and report and respond according to the plan to operational security risks and threats.

### Course main elements:

- Overview of ISPS Code requirements and updates
- Review and implementation of ship security plan
- Duties and responsibilities of ship security officer
- Record keeping, reviewing, responding and reporting risks and threats
- Security training and drills for shipboard personnel with designated duties
- Preparation for ship's interfacing with high risk areas
- Practical exercises, case studies and final examination

### Course participation:

The course is open to shipping company security officers, ship security officers, security superintendents, Masters and shipboard team with designated security duties.

### Course duration: 1 day

This training program is currently provided in 6-hours with real time instruction through a dedicated e-platform in 2 three-hour pre-scheduled interactive web-based learning sessions.
